- 7.) Committee Business: Bechtel presented Alternative 4 an above rail option in the Valley becoming a subway under Bel Air and to UCLA. The impact of heavy rail above Sepulveda Blvd was a huge concern. Also, the impact to apartments and homes that would be demolished through eminent domain as the rail system entered the tunnel by Valley Vista becoming an underground system. Alternative 5 is heavy rail underground system on the westside and the Valley side. Except for the huge cost projection that may make it infeasible, this is favored by most residents.
