Federal Aviation Administration
800 Independence Ave. NW
Washington DC, 20591

To Whom It May Concern:

At its September 17, 2018 meeting the Sherman Oaks Neighborhood Council voted the following: - Recently noise from jet aircraft departing from Van Nuys (VNY) and Burbank (BUR) Airports has significantly increased and is negatively affected the quality of life for tens of thousands of residents within Sherman Oaks due to FAA mandated Next Generation Metroplex procedures, The Sherman Oaks Neighborhood Council requests the FAA, the City of Los Angeles, the State Of California and Federal authorities conduct a study to determine the negative impact of newly established Waypoints on our residential areas and schools. We also request that the FAA conduct Town Hall sessions within Sherman Oaks so Stakeholders can share their experiences before any route changes become permanent.

The Sherman Oaks Neighborhood Council previously made this same request in our letter of October 1, 2018. To date you have not responded, conducted a study, or held a town hall meeting in this community of over 70,000 residents. It has been six weeks and our first letter has not even been acknowledged. We hereby renew our request for responsible and responsive action on your part.

We still look forward to your early response and positive changes.

A handwritten signature in black ink, appearing to read "Ronald Ziff". The signature is fluid and cursive, with the first name "Ronald" written in a larger, more prominent script than the last name "Ziff".

Ronald Ziff
