- 7.) Committee Business: Discussion on the G line, Orange Line Transit Neighborhood Community Plan. Presentation of the impacts of this plan with 3D perspective of impacts to neighborhood. No single-family areas are directly upzoned but transition from 7-8 story apartments adjacent to single family neighborhoods is a concern with a possible solution to allow attached, mixed-income townhouse units that buffer between the 7-8 story apartments and the single-family neighborhood. Planning Department was present. Great community input. More discussions to follow.
