IN CONFORMITY WITH THE JANUARY 1, 2025 ENACTMENT OF CALIFORNIA SENATE BILL 707 (PORTANTINO) AND LA CITY COUNCIL FILE 23-1114, THESHERMAN OAKS NEIGHBORHOOD COUNCIL GREEN & SUSTAINABILITY COMMITTEE MEETING WILL BE CONDUCTED VIRTUALLY.

Every person wishing to address the Board must dial +1 669 444 9171, and then press # to join the meeting. When prompted by the presiding officer, to provide public input at the Neighborhood Council meeting the public will be requested to dial *9 or use the Raise Hand option, to address the Board on any agenda item before the Board takes an action on an item. Comments from the public on agenda items will be heard only when the respective item is being considered.

Comments from the public on other matters not appearing on the agenda that are within the Board's jurisdiction will be heard during the General Public Comment period. Please note that under the Brown Act, the Board is prevented from acting on a matter that you bring to its attention during the General Public Comment period; however, the issue raised by a member of the public may become the subject of a future Board meeting. Public comment is limited to 2 minutes per speaker, unless adjusted by the presiding officer of the Board.

In the event of a disruption that prevents the eligible legislative body from broadcasting the meeting to members of the public using the call-in option or internet-based service option, or in the event of a disruption within the eligible legislative body's control that prevents members of the public from offering public comments using the call-in option or internet-based service option, the eligible legislative body shall take no further action on items appearing on the meeting agenda until public access to the meeting via the call-in option or

internet-based service option is restored. Actions taken on agenda items during a disruption that prevents the eligible legislative body from broadcasting the meeting may be challenged pursuant to Section 54960.1. **California Government Code Section 54953.8(b)(3).**

The legislative body shall not require public comments to be submitted in advance of the meeting and shall provide an opportunity for the public to address the legislative body and offer comments in real time. **California Government Code Section 54953.8(b)(4).**

Notwithstanding Section 54953.3, an individual desiring to provide public comment through the use of an internet website, or other online platform, not under the control of the eligible legislative body, that requires registration to log in to a teleconference may be required to register as required by the third-party internet website or online platform to participate. **California Government Code Section 54953.8(b)(5),**

A legislative body that provides a timed public comment period for each agenda item shall not close the public comment period for the agenda item, or the opportunity to register, pursuant to paragraph (5), to provide public comment until that timed public comment period has elapsed. **California Government Code Section 54953.8(b)(6)(A),**

A legislative body that does not provide a timed public comment period, but takes public comment separately on each agenda item, shall allow a reasonable amount of time per agenda item to allow public members the opportunity to provide public comment, including time for members of the public to register pursuant to paragraph (5), or otherwise be recognized for the purpose of providing public comment. **California Government Code Section 54953.8(b)(6)(B).**

WHEREAS, food systems contribute significantly to greenhouse gas emissions, land degradation, biodiversity loss, and water consumption; and

WHEREAS, plant-based food systems and sustainable agricultural practices can support climate resilience, environmental sustainability, public health, and resource conservation; and

WHEREAS, the Plant Based Treaty is an international grassroots initiative designed to complement the Paris Agreement by addressing the environmental impacts of animal agriculture and promoting a transition toward more sustainable food systems; and

WHEREAS, the Sherman Oaks Neighborhood Council Green & Sustainability Committee supports initiatives that promote environmental stewardship, climate action, sustainable resource use, and community education;

THEREFORE, BE IT RESOLVED that the Sherman Oaks Neighborhood Council supports the principles and goals of the Plant Based Treaty as a framework for encouraging sustainable, equitable, and climate-conscious food systems; and

BE IT FURTHER RESOLVED that the Sherman Oaks Neighborhood Council encourages education, awareness, and voluntary community-based efforts that support sustainable and plant-forward food practices; and

BE IT FURTHER RESOLVED that this motion be forwarded to appropriate elected officials, neighborhood councils, and relevant stakeholders as determined by the Board.

e. Community Impact Statements

- [AB 2026](#) (Aguiar-Curry) — Groundwater Recharge and Flood Flow Diversion

The Sherman Oaks Neighborhood Council supports AB 2026, which would help streamline groundwater recharge projects, support the beneficial use of flood flows, and improve permitting processes while maintaining existing water-right protections.

California continues to face increasing climate variability, including periods of severe drought followed by intense storm events. Expanding opportunities to capture and recharge floodwaters can strengthen long-term water resilience, improve groundwater sustainability, reduce stormwater runoff impacts, and support more efficient use of existing water resources.

The Sherman Oaks Neighborhood Council supports policies that advance sustainable water management, climate adaptation, and infrastructure resilience while balancing environmental protections and existing water rights.

- [AB 2218](#) (Kalra) — Water-Related Inequities Affecting Indigenous Peoples

The Sherman Oaks Neighborhood Council supports AB 2218, which would establish a state policy recognizing water-related inequities committed against Indigenous Peoples of California through state-sanctioned actions and seeks to address those harms through legal recognition, restoration efforts, and replacement of lost benefits.

Water access, stewardship, and environmental protection are deeply connected to

the cultural, historical, and ecological well-being of Indigenous communities throughout California. Recognizing historical inequities and supporting restorative approaches aligns with broader goals of environmental justice, equity, and sustainable resource management.

The Sherman Oaks Neighborhood Council supports efforts that promote equitable access to natural resources, acknowledge historical harms, and encourage inclusive and just environmental policies throughout California.

- [AB 1577](#) (Bauer-Kahan) — Data Center Accountability and Transparency

The Sherman Oaks Neighborhood Council supports AB 1577, which would require data centers to report information regarding facility locations and size, energy efficiency metrics, and fuel consumption associated with onsite generators and fuel-based energy systems.

As California experiences rapid growth in digital infrastructure and artificial intelligence technologies, increased transparency regarding energy and resource use is essential for effective infrastructure planning, environmental review, and climate resilience efforts. Data centers may place substantial demands on electricity, water, and backup fuel systems, making accurate reporting important for local governments, utilities, and communities.

The Sherman Oaks Neighborhood Council supports policies that improve transparency, support informed planning decisions, and advance responsible environmental stewardship while California continues to expand its technological infrastructure.
