IN CONFORMITY WITH THE JANUARY 1, 2025 ENACTMENT OF CALIFORNIA SENATE BILL 707 (PORTANTINO) AND LA CITY COUNCIL FILE 23-1114, THE SHERMAN OAKS NEIGHBORHOOD COUNCIL GREEN & SUSTAINABILITY COMMITTEE MEETING WILL BE CONDUCTED VIRTUALLY.

Every person wishing to address the Board must dial +1 669 444 9171, and then press # to join the meeting. When prompted by the presiding officer, to provide public input at the Neighborhood Council meeting the public will be requested to dial *9 or use the Raise Hand option, to address the Board on any agenda item before the Board takes an action on an item. Comments from the public on agenda items will be heard only when the respective item is being considered.

Comments from the public on other matters not appearing on the agenda that are within the Board's jurisdiction will be heard during the General Public Comment period. Please note that under the Brown Act, the Board is prevented from acting on a matter that you bring to its attention during the General Public Comment period; however, the issue raised by a member of the public may become the subject of a future Board meeting. Public comment is limited to 2 minutes per speaker, unless adjusted by the presiding officer of the Board.

In the event of a disruption that prevents the eligible legislative body from broadcasting the meeting to members of the public using the call-in option or internet-based service option, or in the event of a disruption within the eligible legislative body's control that prevents members of the public from offering public comments using the call-in option or internet-based service option, the eligible legislative body shall take no further action on items appearing on the meeting agenda until public access to the meeting via the call-in option or

internet-based service option is restored. Actions taken on agenda items during a disruption that prevents the eligible legislative body from broadcasting the meeting may be challenged pursuant to Section 54960.1. **California Government Code Section 54953.8(b)(3).**

The legislative body shall not require public comments to be submitted in advance of the meeting and shall provide an opportunity for the public to address the legislative body and offer comments in real time. **California Government Code Section 54953.8(b)(4).**

Notwithstanding Section 54953.3, an individual desiring to provide public comment through the use of an internet website, or other online platform, not under the control of the eligible legislative body, that requires registration to log in to a teleconference may be required to register as required by the third-party internet website or online platform to participate. **California Government Code Section 54953.8(b)(5),**

A legislative body that provides a timed public comment period for each agenda item shall not close the public comment period for the agenda item, or the opportunity to register, pursuant to paragraph (5), to provide public comment until that timed public comment period has elapsed.

California Government Code Section 54953.8(b)(6)(A),

A legislative body that does not provide a timed public comment period, but takes public comment separately on each agenda item, shall allow a reasonable amount of time per agenda item to allow public members the opportunity to provide public comment, including time for members of the public to register pursuant to paragraph (5), or otherwise be recognized for the purpose of providing public comment.

California Government Code Section 54953.8(b)(6)(B).

a. Plant-Based Treaty Presentation

- MOTION TO ENDORSE THE PLANT BASED TREATY

WHEREAS, food systems contribute significantly to greenhouse gas emissions, land degradation, biodiversity loss, and water consumption; and

WHEREAS, plant-based food systems and sustainable agricultural practices can support climate resilience, environmental sustainability, public health, and resource conservation; and

WHEREAS, the Plant Based Treaty is an international grassroots initiative designed to complement the Paris Agreement by addressing the environmental impacts of animal agriculture and promoting a transition toward more sustainable food systems; and

WHEREAS, the Sherman Oaks Neighborhood Council Green & Sustainability Committee supports initiatives that promote environmental stewardship, climate action, sustainable resource use, and community education;

THEREFORE, BE IT RESOLVED that the Sherman Oaks Neighborhood Council supports the principles and goals of the Plant Based Treaty as a framework for encouraging sustainable, equitable, and climate-conscious food systems; and

BE IT FURTHER RESOLVED that the Sherman Oaks Neighborhood Council encourages education, awareness, and voluntary community-based efforts that support sustainable and plant-forward food practices; and

BE IT FURTHER RESOLVED that this motion be forwarded to appropriate elected officials, neighborhood councils, and relevant stakeholders as determined by the Board.

- b. **Motion:** Support for [Los Angeles City Council File 26-0925](#) – Modern Organics Processing and Composting Master Plan moved by Bob Blumenfield and Adrin Nazarian

Motion:

The Sherman Oaks Neighborhood Council (SONC) supports Los Angeles City Council File 26-0925, which directs the Los Angeles Bureau of Sanitation (LASAN) to develop a Modern Organics Processing and Composting Master Plan to expand local composting capacity, increase the beneficial use of compost within the City, and improve compliance with state organic waste reduction laws. SONC further authorizes the submission of a Community Impact Statement in support of the Council File.

Whereas:

- California's SB 1383 requires jurisdictions to reduce organic waste sent to landfills, recover edible food, and procure recycled organic products. The proposed Master Plan would help Los Angeles meet these requirements while reducing methane emissions and improving environmental outcomes.
- Los Angeles currently produces approximately 350,000 tons of compost and mulch annually, yet only a small percentage is used locally. Much of the material is transported long distances outside the City, resulting in unnecessary transportation costs and greenhouse gas emissions while limiting the direct benefits to Los Angeles communities.
- Recent state legislation (SB 279 and AB 2346) provides new opportunities for local governments to expand decentralized composting, support community composting programs, and invest procurement funds into local composting infrastructure rather than relying primarily on large-scale external facilities.
- The proposed Master Plan would identify opportunities to increase local composting capacity, develop partnerships with educational institutions and other public agencies, support urban farms and community gardens, improve soil health, reduce greenhouse gas emissions, and advance the goals of the Mayor's Climate Action Plan to use at least 50% locally produced compost and mulch by 2030.
- The motion also directs LASAN to solicit input from Neighborhood Councils

and other community stakeholders during development of the Master Plan, providing Sherman Oaks residents with an opportunity to participate in shaping the City's organics management strategy.

Therefore, Be It Resolved:

The Sherman Oaks Neighborhood Council supports Los Angeles City Council File 26-0925 and urges the Los Angeles City Council to adopt the proposed Modern Organics Processing and Composting Master Plan. SONC further encourages LASAN to prioritize neighborhood-serving composting infrastructure, maximize local use of compost and mulch, reduce greenhouse gas emissions associated with long-distance transport, and engage Neighborhood Councils throughout the planning process.

- c. If the above motion is approved, request feedback from committee members/residents for where compost materials could be utilized within the Sherman Oaks area.
